

CEREALS

Intro Program

Product	Timing	Rate	Reason
Stimulate/Action 5%	Seed Treatment	125/ml/100 lbs.	Growth hormones to increase emergence and vigor
Bio Forge Gold	Herbicide	500 ml-1L/acre	Relieve environmental and herbicide stress, provide essential nutrients

Adv. Program

Product	Timing	Rate	Reason
Stimulate	Seed Treatment	125/ml/100 lbs.	Growth hormones to increase emergence and vigor
Bio Forge Gold	Herbicide	500 ml-1 L/acre	Relieve environmental and herbicide stress, provide essential nutrients
NBX	GS 26-32	1L/acre	Inhibit vegetative growth, increase standability and reduce lodging
Sugar Mover	Late flower	1L/acre	Move sugars from storage tissue and roots, boron strengthens pollen tubes

Notes:

- Use Action 5% in place of Stimulate in high saline areas
- BF/Stimulate/XtraPower can all be used with liquid starter fertilizers 250 ml/acre (BF/Stimulate). 5-1L Xtra Power
- Use Action 5X 250 ml-500 ml for any periods of stagnant growth
