EXCELLENCE
IN PLANT
PERFORMANCE™

ENHANCE YOUR YIELD POTENTIAL BALANCER

Balancer is a convenient, effective soluble boron source with the added benefit of molybdenum to promote conversion of nitrate nitrogen into more metabolically functional forms. Stoller's Balancer can be applied to maintain nitrogen levels and limit excessive vegetative growth.

PRODUCT BENEFITS

- Moves carbohydrates out of the leaves to roots, storage tissue, seed and/or fruit
- Reduces issues caused by excessive vegetative growth
- Prepares crop for harvest
- Increased winter survivability in perennials

PREPARE YOUR CROP FOR
HARVEST

ACTIVE INGREDIENTS

Boron (B) 9.0%

Molybdenum (Mo) 0.005%

RECOMMENDED FIELD APPLICATIONS

Balancer provides available forms of boron and molybdenum. Use Stoller's Balancer early season to stop excessive vegetative growth.

Balancer can also be used later season to prepare your crop for harvest.

PRODUCT RATES

EARLY SEASON FOLIAR: 500ml -1L per acre
CONTROL EXCESSIVE VEGETATIVE

LATE SEASON FOLIAR: 1 - 2 litres per acre
