## DIRECTIONS FOR USE

This product should be used on the basis of a soil and/or tissue analysis in accordance with recommendations of a qualified individual or institution, such as a certified crop advisor, agronomist, university crop extension publication or apply according to recommendations in your approved nutrient management plan.

Do not mix with other fertilizers/chemicals without a compatibility test. An adequate test for compatibility involves mixing in a small container the proper proportions of the product with water and the other ingredients. Agitate and let stand for one hour. If a precipitate forms, then apply the products separately.

SEE MATERIAL SAFETY DATA SHEET

Seller's guarantee shall be limited to the terms set out on the label and subject thereto. The buyer assumes the risk to persons or property arising from the use or handling of this product and accepts the product on that condition. The Manufacturer makes no warranty, express or implied concerning this product or its use. No agent or representative of Stoller Enterprises, Inc., has permission or authority to make any warranty or representation inconsistent with the above.
