HARVEST MORE® UREA MATE

FOLIAR FERTILIZER

GIVE YOUR CROP A NUTRITIONAL BOOST

Stoller believes when it comes to plant nutrition, the best defense to yield robbing nutrient deficiencies is a good offense. Harvest More® Urea Mate is formulated to provide maximum nutrient availability and utilization throughout the essential growing phases of your crop while also correcting any nutrient deficiencies within the plant.

PRODUCT BENEFITS:

- Corrects nutritional deficiencies, allowing the plant to moderate its nutritional needs and optimize growth
- Low pH formulation, making it an optimal companion for tank mixing with insecticides and fungicides which perform better in slightly acidic pH environments.

APPLICATION INSTRUCTIONS

1. Fill the cleaned spray tank 1/2 full of water and start agitation.
2. Add the required amount of Harvest More® Urea Mate to the tank. Ideally add Harvest More® Urea Mate last after other tank mix partners.
3. Continue agitation while filling the remainder of the spray tank.
4. After use, clean the spray tank according to label precautions.
5. Add surfactant if Harvest More® Urea Mate is not sprayed in combination with a herbicide, fungicide, &/or insecticide.

Always read and follow label directions before tank-mixing or conduct a "Jar Test" using all products in proper proportion in order to establish physical compatibility.
